*"We loved the succulent meat-the breast
meat is sweet and buttery, while the dark
meat has a delicious gamey flavour"*

BBC Goodfood Magazine

Comments from our customers

Thank you for the prompt delivery of our turkey order on the 16th Dec. The family much enjoyed it on the 19th Dec. It cooked well and I have not previously had such a tasty turkey. It was superb to the extent that my partner has had dripping on toast for the last week. You are to be congratulated on a fine Norfolk-black free range turkey

Robin Jones, Worcester

Dear Rob

I always meant to email you after Christmas to say that the black turkey we had was absolutely the most delicious bird ever! Every scrap was eaten and thoroughly enjoyed by our age range which went from 1yr to 95year old!

Catherine Wells

Hi Rob,

Happy new year. The goose and turkey we had from you was really one of the best I've ever had. Thanks so much

Guy, London

Dear Rob

Just a quick e-message to say how much we all enjoyed our turkey - cooked to absolute perfection (i.e. left to 'rest' for about 3 - 4 hours after cooking). Everyone remarked how good it was!

Geoff Hudson, Tunbridge Wells

Dear Rob

Thank you so much for such excellent service, especially when so many other deliveries were suffering. More importantly, thank you for such a superb turkey, sausages, bacon and sausage meat not forgetting a lovely bunch of fresh herbs! We have all enjoyed every bite.

We will order from you in the future.

Happy New Year to all at Mortons.

Su Blakey

Judges comments

"Excellent flavours, especially the dark meat, lovely, moist breast, so succulent we could cut the meat with a plastic knife!"

All our birds are reared to maturity and not size, therefore we cannot guarantee an exact weight.

What makes our birds so special

1. We only start with the best quality chicks, all taken from slow growing strains
2. Our chicks come into us from mid June giving a growing period of some 22 weeks compared to the intensive bird at 16 weeks
3. Fed on a ration containing at least 70% cereals containing no growth promoters or additives
4. Housed in large mobile sheds and bedded on clean straw
5. Given 24 hour access to grass fields from 8 weeks of age
6. By rearing only a small number of birds each year allowing closer attention to detail
7. Dry plucked on the farm for minimum stress to the birds
8. Allowed to mature for a minimum of 10 days in our cold stores for that true "traditional taste"
9. Our preparation premises are inspected yearly by the Environmental Health
10. We are also members of the Traditional Farmfresh Turkey Association (TFTA) which inspects us on a yearly basis
11. Money back guarantee in the unlikely event that the customer is dissatisfied
